

New York State Reliability Council - Reliability Rules Subcommittee

List of Potential Reliability Rule Changes - Outstanding

Categories: R = Rule; D = Definition; M = Measurement; P = Procedure/Guideline; C = Compliance Elements; E = Exception
 Status: 1=In RRS for development/review 2=In RCMS for compliance elements 3=To EC for approval to post 4=Approved by EC for posting
 5=RRS incorporating comments from posting 6=To EC for final approval 7=Approved by EC 8=Removed

PRR No.	Existing Rule	Potential Rule Change	Sponsor	Category	Status	RRS Action
8	New	Reactive load and resource PF requirements at BPS/LSE boundary	D. Ellis	R	1	Prepare template after operating reactive study is completed
52	New	Generator Governor Response	D. Ellis	R/M	1	Monitor progress of NPCC-SS38 investigation of governor response & UFLS program
96 (4/3/08)	C-M1, C-M2: Verification of Resource Capacity	Align measurements with revisions to NPCC Directories 9/10 and NERC MOD24/25	B. Gordon/Dean Ellis	M	3	RRS recommendation to EC to post for comments (RRS 113 on 11/6/08).
97(7/31/08)	B-R6 & B-M4: BPS Facilities	Align with NPCC A-10. Create new NYSRC "mission focus" definition resulting in specific NYISO facility list(s).	A. Adamson/D. Ellis	R/M	1	Under development.
98 (7/31/08)	K-M2a: NYCA Transmission Review	Improved specificity in reliability assessment requirements	RCMS	M	4	EC approval to post for comments (EC 114 on 10/14/08).
99 (9/4/08)	G: System Restoration	EOP-005 compliance & clarifications	Dave Mahlmann	R/M	1	Under development.
