

New York State Reliability Council - Reliability Rules Subcommittee

List of Potential Reliability Rule Changes - Outstanding

Categories: R = Rule; D = Definition; M = Measurement; P == Procedure/Guideline; C = Compliance Elements; E = Exception
 Status: 1=In RRS for development/review 2=In RCMS for compliance elements 3=To EC for approval to post 4=Approved by EC for posting
 5=RRS incorporating comments from posting 6=To EC for final approval 7=Approved by EC 8=Removed

PRR No.	Existing Rule	Potential Rule Change	Sponsor	Category	Status	RRS Action
8	New	Reactive load and resource PF requirements at BPS/LSE boundary	John Adams	R	1	Prepare template after operating reactive study is completed
52	New	Generator Governor Response	John Adams	R/M	1	Monitor progress of NPCC-SS38 investigation of governor response & UFLS program
96 (4/3/08)	C-M1, C-M2: Verification of Resource Capacity	Align measurements with revisions to NPCC Directories 9/10 and NERC MOD24/25	Brian Gordon John Adams	M	7	RRS recommendation to EC to post for comments (RRS 113 on 11/6/08). EC approved posting for comments (EC 115 on 11/14/08). No comments received. RRS recommendation to EC for final approval (RRS 115 on 1/6/09). EC 117 final approval on 1/7/09.
97(7/31/08)	B-R6 & B-M4: BPS Facilities	Align with NPCC A-10. Create new NYSRC "mission focus" definition resulting in specific NYISO facility list(s).	Al Adamson John Adams	R/M	1	Under development.
98 (7/31/08)	K-M2a: NYCA Transmission Review	Improved specificity in reliability assessment requirements	RCMS	M	7	EC approved posting for comments (EC 114 on 10/14/08). No comments received. RRS recommendation to EC for final approval (RRS 115 on 1/6/09). EC 117 final approval on 1/7/09.
99 (9/4/08)	G: System Restoration	EOP-005 compliance & clarifications	Dave Mahlmann	R/M	2	Under development.
100 (1/6/09)	D-R3 Operating Reserves: Availability & Category	Align with NPCC A-06	Bob Ganley	R	1	Under development.
