Subject: Action Items from RRS meeting #119 response - on rescinding exceptions

Roger - I was requested at the last meeting to track down any documentation on how to rescind an exception to the RC rules.

From Policy #1

Page 9

Annual NYISO Review of Exceptions

The list of exceptions to the NYSRC Reliability Rules shall be reviewed by the NYISO annually. The scope of the review is to verify that the basis for each exception is still valid, but not to question the original justification for the exception. **The NYISO shall notify the NYSRC when it has determined that an exception is no longer valid and document the reasons for its determination.** If the NYSRC concurs with the NYISO's determination, the exception will be discontinued and the NYISO and NYSRC will revise their list of exceptions accordingly.
