Raj,

The attached is the data I sent over on previous years. The first is the fuel swap data for CTG101, CTG201, CTG301 and CTG401. The other is the fuel swap procedure. Please let me know if you need anything else.

Regards,

Dwayne Bent

Raj,

I do have the data form last year. I would like to review and send Monday if that is ok? Are you looking for and the procedure that I usually send?

Dwayne Bent

Dwayne,

Robert Golen is no longer with NYISO and I took over the responsibility as Manager, Operations Engineering. Can you please share certification and data of Automatic Fuel Swapping testing performed in 2022 and if any test were unsuccessful, what remedial actions were taken to resolve the failure. Please include Declan and Harris (cc'ed) and me in the emails going forward.

Thanks,
