NOTES:

- The column labeled 'SP' refers to the maximum summer megawatt electrical output. The column labeled 'WP' refers to the maximum winter megawatt electrical output.
- The column labeled 'Status' refers to the status of the project in the NYISO's LFIP. Key: 10=Accepted Cost Allocation/A in Progress, 11=IA Completed, 12=Under Construction, 0=Withdrawn, N/A= EDS unit with no public status, US = In Service
- EDS in the Queue Pos. columns refers to units which had an Expedited Deliverability Study to obtain CRIS
